# Aspirer Research School (Manchester Hub) EEF Guidance Report

## FREE Research Breakfast

*What is a Research Breakfast and who are they for?*

Research Breakfasts are aimed at Head teachers and members of SLT who would like to know about the latest research study or EEF Guidance Report. During the breakfast, the key headlines of the guidance report or a research think piece will be shared and discussed in a relaxed and informal setting. We know that everyone is short of time which is why we will also provide a free breakfast for you during the session. You will leave the breakfast with an overview of the guidance report and your own complimentary copy to read further in your own time. Research Breakfasts will then be followed up by a twilight session a few weeks later for any other members of staff who are interested in attending.
